Dear Parent/Carer

RE: Putteridge High School – New Build

I am very pleased to be able to announce that the contractors will begin their early works programme on Monday 2nd December 2019.

The first phase of the programme involves setting up the build, organising sufficient car parking for staff and doing basic ground work preparation. The contractor will initially set up in the current staff car park. Student entry will be fairly unchanged, but the majority of bus drop offs and pick-ups will now take place at the Putteridge Primary School Bus stop.

With our continued popularity as a school, and now the start of the new build, we would like to thank parents for their support in keeping the road outside the front of the school as free from congestion as possible. Please endeavour to park a reasonable distance away from the school to avoid unnecessary traffic at all times.

I apologise for any inconvenience the start of the build may cause. There may well be some early adjustments, but I am sure you will agree, the total rebuild of Putteridge High School, transforming it into a place of learning fit for the 21st Century is truly exciting.

Yours faithfully

Mr D Graham
Headteacher
